20. SEBI has made it mandatory for every participant in the Securities/Capital Market to furnish the details of Income Tax Permanent Account Number (PAN). Accordingly, all the shareholders holding shares in physical form are requested to submit their details of PAN and Bank Account along with a copy of the PAN card and original cancelled cheque leaf /attested bank passbook showing name of account holder to RTA.
21. SEBI made it mandatory for all the shareholders to hold the shares in Dematerialization form. Hence, all the shareholders holding shares in physical form are requested to convert their Physical shares in Demat form, so the liquidity of shares is not affected.
22. **THE INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:**

In accordance with the provision of section 108 of the Companies Act, 2013 read with Companies (Management & Administration) Rules, 2014, the shareholders may exercise their option to participate through electronic voting system and the company is providing the facility for voting by electronic means (remote e-voting) to all its members. The company has engaged the services of Central Depository Services Limited (CDSL) to provide remote e-

voting facilities and enabling the members to cast their vote in a secured manner. This facility will be available at the link <http://www.evotingindia.com> during the following voting period:

Commencement of remote e-voting : From 09.00 A.M on **September 24th, 2022**
End of remote e-voting : Up to 05.00 P.M on **September 26th, 2022**

Remote e-voting shall not be allowed beyond 05.00 P.M on **September 26th, 2022**. During the Remote e-voting period, the shareholders of the company, holding shares either in physical form or dematerialized form, as on the closing of business hours of the cut-off date, may cast their vote electronically. The cut-off date for eligibility for remote e-voting is **Tuesday, 20th Day of September, 2022**.

- a) The company has engaged the services of CDSL as the Authorized Agency to provide remote e-voting facilities.
- b) The company has appointed Mr. N.V.S.S. Suryanarayana, Practicing Company Secretary (M. No: 5868), as 'scrutinizer' for conducting and scrutinizing the remote e-voting process in a fair and transparent manner.
- c) "Voting by electronic means" or "electronic voting system" means a 'secured system' based process of display of electronic ballots, recording of votes of the members and the number of votes polled in favour or against, such that the entire voting exercise by way of electronic means gets registered and counted in an electronic registry in the centralized server with adequate 'cyber security'.

It also helps the shareholders to cast their vote from anywhere and at any time during Remote e-voting period.

In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated **December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
 - Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
- (i) The voting period begins on Saturday, 24th September, 2022 at 09.00 A.M. and ends on Monday, 26th September, 2022. During this period shareholders' of the Company,

holding shares either in physical form or in dematerialized form, as on the cut-off date Tuesday, 20th day of September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

FORM NO. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022
[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the
Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members,
Phaarmasia Limited
16, Phase-III, IDA, Jeedimetla,
Hyderabad - 500055, Telangana.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Phaarmasia Limited**, (hereinafter called the "**Company**"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31.03.2022, ("**Audit Period**") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:

- I. The Companies Act, 2013 (the "**Act**") and the rules made there under;
- II. The Securities Contracts (Regulation) Act, 1956 ('**SCRA**') and the rules made there under
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed under that Act;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (*Not Applicable to the Company during the year under review*)
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("**SEBI Act**");
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

INDEPENDENT AUDITOR'S REPORT

To
The Members of
M/s. PHAARMASIA LIMITED, Hyderabad.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of PHAARMASIA LIMITED (“the Company”), which comprise the balance sheet as at 31st March 2022, and the statement of profit and loss (including Other Comprehensive Income), the cash flow Statement and the statement of changes in equity and for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“IND AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and its Loss, total comprehensive income/loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

“We have determined that there are no key audit matters to communicate in our report.”

Other Information

The Company’s Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, for example, Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the standalone financial statements and our auditor’s report thereon. The other information as stated above is expected to be made available to us after the date of this auditor’s report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information as stated above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance.

Management’s Responsibility for the Standalone Financial Statements

The Company’s Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in

India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be

thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure-B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, The Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified

opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of the section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Ind AS financial statements.
 - ii. The Company has made provision, as required under the applicable laws or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - A to the Independent Auditors' Report
(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of PHAARMASIA Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

PHAARMASIA LIMITED

1. NOTES TO STANDALONE FINANCIAL STATEMENTS

DESCRIPTION OF THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES

1.1 General Information

Phaarmasia Limited (“the Company”) is a Public Limited Company incorporated in India, having its registered office at Hyderabad, India. The Company is primarily engaged mainly in the manufacturing and sale of Oral Contraceptive Pills (OCP’s). The Company is listed in the Bombay Stock Exchange (BSE). The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated

1.2 Basis of preparation and presentation of Financial Statements

The financial statements of Phaarmasia Limited (“the Company”) have been prepared and presented in accordance with the Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules 2015, as amended and as per other relevant provisions of the Act. The presentation of financial statements is based upon Ind AS Schedule III of Companies Act, 2013.

1.3 Basis of Measurement

These financial statements have been prepared on historical cost convention and on an accrual basis, except for the following material items in the balance sheet:

- a. Certain financial assets are measured either at fair value or at amortized cost depending on the classification;
 - b. Employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation, and
 - c. Long-term borrowings are measured at amortized cost using the effective interest rate method.
- In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:
- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
 - Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
 - Level 3 inputs are unobservable inputs for the asset or liability

All assets and liabilities are classified into current and non-current based on the operating cycle of less than twelve months or based on the criteria of realization/settlement within twelve months period from the balance sheet date.

1.4 Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. These estimates and associated assumptions are based on historical experiences and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, the areas involving critical estimates or Judgment are:

a. Depreciation and amortization

Depreciation and amortization is based on management estimates of the future useful lives of certain class of property, plant and equipment and intangible assets.

b. Employee Benefits

The present value of the employee benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) includes the discount rate, wage escalation and employee attrition. The discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.

c. Provision and contingencies

Provisions and contingencies are based on the Management's best estimate of the liabilities based on the facts known at the balance sheet date.

d. Fair valuation

Fair value is the market based measurement of observable market transaction or available market information. All financial instruments are measured at fair value as at the balance sheet date, as provided in Ind AS 109 and 113. Being a critical estimate, judgment is exercised to determine the carrying values. The fair value of financial instruments that are unlisted and not traded in an active market is determined at fair values assessed based on recent transactions entered into with third parties, based on valuation done by external appraisers etc.

e. Provision for expected credit losses of trade receivables

While calculating the expected credit loss for the receivables, the company uses historical observed default rates. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

f. Deferred taxes

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

1.5 Functional and presentation currency

These financial statements are presented in Indian rupees, which is also the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest rupees.

1.6 Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

All the assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and IND AS 1, presentation of financial statements.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realized in, or is intended for sale or consumption in the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realized within twelve months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- a. It is expected to be settled in the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due, to be settled within twelve months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification

Current assets/ liabilities include the current portion of noncurrent assets/ liabilities respectively. All other assets/ liabilities are classified as noncurrent. Deferred tax assets and liabilities are always disclosed as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

1.7 Property Plant & Equipment

Recognition and measurement

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The Cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset.

Directly attributable costs include:

- a. Cost of Employee Benefits arising directly from Construction or acquisition of PPE.
- b. Cost of Site Preparation.
- c. Initial Delivery & Handling costs.
- d. Professional Fees and
- e. Costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling any item produced while bringing the asset to that location and condition (such as samples produced when testing equipment).

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within the statement of profit and loss.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part will be derecognized. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

Depreciation

Depreciation is recognized in the statement of profit and loss on Written Down Value Method based on the Companies Act, 2013 (“Schedule II”), which prescribes the useful lives for various classes of tangible assets. For assets acquired or disposed off during the year, depreciation is provided on pro rata basis. Land is not depreciated.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted prospectively, if appropriate.

The estimated useful lives are as follows:

Type of Asset	Estimated useful life in years
Buildings	
i) Main Plant Building	25
ii) Other Building	20
Plant & Machinery	20
Vehicles	8
Computers	3
Office Equipment	5
Furniture & Fixtures	10

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is disclosed as capital advances under other noncurrent assets. The cost of property, plant and equipment not ready to use before such date are disclosed under capital work-in-progress. Assets not ready for use are not depreciated.

The Company assesses at each balance sheet date, whether there is objective evidence that an asset or a group of assets is impaired. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Recoverable amount is higher of the value in use or fair value less cost to sell.

1.8 Intangible assets

The Intangible assets that are acquired by the Company and that have finite useful lives are measured at cost less accumulated amortization and accumulated impairment losses.

Amortization

Amortization is recognized in the statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets or on any other basis that reflects the pattern in which the asset's future economic benefit are expected to be consumed by the entity. Intangible assets that are not available for use are amortized from the date they are available for use. The estimated useful lives are as follows:

The amortization period and the amortization method for intangible assets with a finite useful life are reviewed at each reporting date.

1.90 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Impairment of trade receivables

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18. Expected credit loss model takes into consideration the present value of all the cash shortfalls over the expected life of a financial instrument. In simple terms, it is weighted average of credit losses with the respective risks of default occurring as weights.

The credit loss is the difference between all contractual cash flows that are due to an entity as per the contract and all the contractual cash flows that the entity expects to receive, discounted to the effective interest rate. The Standard presumes that entities would suffer credit loss even if the entity expects to be paid in full but later than when contractually due. In other words, it simply focuses on DELAYS in collection of receivables.

For the purpose of identifying the days of delay, the Company took into consideration the weighted average number of delays taking into consideration the date of billing, the credit period and the collection days.

b. Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value i.e., loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Fair value measurement

Fair value of financial assets and liabilities is normally determined by references to the transaction price or market price. If the fair value is not reliably determinable, the Company determines the fair value using valuation techniques that are appropriate in the circumstances and for which sufficient data are available, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

1.10 Inventories

Inventories are valued at the lower of cost and net realisable value. Inventories consist of Raw materials, Stores and Spares, Work-in-progress and Finished Goods are measured at the lower of cost and net realizable value.

The cost of all categories of inventories is based on the weighted average method.

Cost includes expenditures incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition.

In the case of finished goods and work-in-progress, cost includes an appropriate share of overheads based on normal operating capacity. Stores and spares, that do not qualify to be recognized as property, plant and equipment, consists of packing materials, engineering spares (such as machinery spare parts) and consumables which are used in operating machines or consumed as indirect materials in the manufacturing process.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

1.11 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite lives or that are not yet available for use, an impairment test is performed each year at March 31.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflow of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized in the statement of profit and loss if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

1.12 Cash & Cash Equivalents

Cash and bank balances comprise of cash balance in hand, in current accounts with banks, demand deposit, short-term deposits, Margin Money deposits and unclaimed dividend accounts. For this purpose, “short-term” means investments having maturity of three months or less from the date of investment. Bank overdrafts that are repayable on demand and form an integral part of our cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows. The Margin money deposits, balance in dividend accounts which are not due and unclaimed dividend balances shall be disclosed as restricted cash balances.

1.13 Employee Benefits

a. Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b. Defined Contribution Plan

The Company’s contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

c. Defined Benefit Plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates based on prevailing market yields of Indian Government Bonds and that have terms to maturity approximating to the terms of the related defined benefit obligation. The current service cost of the defined benefit plan, recognized in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

d. Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

e. Other long-term employee benefits

The Company's net obligation in respect of other long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the statement of profit and loss in the period in which they arise.

1.14 Provisions, contingent liabilities and contingent assets

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

1.15 Revenue Recognition

Revenue from contracts with customers

Revenue is recognized when the Company substantially satisfied its performance obligation while transferring a promised good or service to its customers. The company considers the terms of the contract and its customary business practices to determine the transaction price. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and value added tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives / discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

Other Income

Interest Income

Interest Income mainly comprises of interest on Margin money deposit with banks relating to bank guarantee. Interest income should be recorded using the effective interest rate (EIR). However, the amount of margin money deposits relating to bank guarantee are purely current in nature, hence effective interest rate has not been applied. Interest is recognized using the time-proportion method, based on rates implicit in the transactions.

Other Income consists of C&F Commission Income, miscellaneous income and is recognised when it is probable that economic benefits will flow to the company and amount of income can be measured reliably.

1.16 Borrowing Costs

Borrowing costs consist of interest, ancillary and other costs that the Company incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing cost also include Exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

1.17 Tax Expenses

Tax expense consists of current and deferred tax.

Income Tax

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit;
- Taxable temporary differences arising upon the initial recognition of goodwill.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Current and deferred tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in OCI or directly in equity. In this case, the tax is also recognised in OCI or directly in equity, respectively.

Accruals for uncertain tax positions require management to make judgments of potential exposures. Accruals for uncertain tax positions are measured using either the most likely amount or the expected value amount depending on which method the entity expects to better predict the resolution of the uncertainty. Tax benefits are not recognised unless the tax positions will probably be accepted by the tax authorities. This is based upon management's interpretation of applicable laws and regulations and the expectation of how the tax authority will resolve the matter. Once considered probable of not being accepted, management reviews each material tax benefit and reflects the effect of the uncertainty in determining the related taxable amounts.

1.18 Earnings Per Share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

1.19 Trade Receivables

Trade receivables are initially recognized at fair value and subsequently measured at amortised cost using effective interest method, less provision for impairment, if any.

1.20 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

1.21 Determination of fair values

The Company's accounting policies and disclosures require the determination of fair value, for certain financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

(i) Property, plant and equipment

Property, plant and equipment, if acquired in a business combination or through an exchange of non-monetary assets, is measured at fair value on the acquisition date. For this purpose, fair value is based on appraised market values and replacement cost.

(ii) Intangible assets

The fair value of brands, technology related intangibles, and patents and trademarks acquired in a business combination is based on the discounted estimated royalty payments that have been avoided as a result of these brands, technology related intangibles, patents or trademarks being owned (the "relief of royalty method"). The fair value of customer related, product related and other intangibles acquired in a business combination has been determined using the multi-period excess earnings method after deduction of a fair return on other assets that are part of creating the related cash flows.

(iii) Inventories

The fair value of inventories acquired in a business combination is determined based on its estimated selling price in the ordinary course of business less the estimated costs of completion and sale, and a reasonable profit margin based on the effort required to complete and sell the inventories.

(iv) Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases the market rate of interest is determined by reference to similar lease agreements. In respect of the Company's borrowings that have floating rates of interest, their fair value approximates carrying value.

1.22 Note on "Code on Security, 2020"

The Indian Parliament has approved the Code on Social Security, 2020 ("the Code") which would impact the contributions by the company towards Provident Fund and Gratuity. The purpose of the Code on Social Security, 2020 is to amend and consolidate the laws relating to social security with the goal to extend social security to all employees and workers either in the organized or unorganized or any other sectors and for matters connected therewith or incidental thereto. The Code was passed by the Lok Sabha on September 22, 2020 and subsequently, by the Rajya Sabha on September 23, 2020 with a view to amalgamate, simplify and rationalize the relevant provisions of the nine central labour enactments relating to social security. The Code is yet to receive assent of the President of India. The Code shall come into force on such date as the Central Government may, by notification appoint and different dates may be appointed for different provisions of the SS Code. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules

to determine the financial impact are published.

1.23 Impact of uncertainties in preparation of financial statements

The Company has considered the possible effects that may result from the pandemic relating to Covid-19 and other geo-political situations in Russia and Ukraine in the preparation of these standalone financial statements including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has, at the date of approval of these financial statements, used internal and external sources of information including credit reports and related information and economic forecasts and expects that the carrying amount of these assets will be recovered. The impact of Covid-19 on the Company's financial statements may differ from that estimated as at the date of approval of these standalone financial statements.

1.24 New Accounting pronouncements

The Ministry of Corporate Affairs (MCA) vide notification dated 23 March 2022 issued the Companies (Indian Accounting Standards) Amendment Rules, 2022. These rules notify certain amendments to Indian Accounting Standards (Ind AS). These amendments are effective from 1 April 2022.

Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

As per Ind AS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations (i.e. the lower of the costs of fulfilling the contract and the costs of terminating it) outweigh the economic benefits. Ind AS 37 did not define what the costs of fulfilling a contract are.

The amendments have clarified the types of costs a company can include as the 'costs of fulfilling a contract' while assessing whether a contract is onerous as under:

- (a) The incremental costs of fulfilling that contract—for example, direct labour and materials; and
- (b) An allocation of other costs that relate directly to fulfilling contracts—for example, an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract among others.

The amendments apply for annual reporting periods beginning on or after 1 April 2022 to contracts existing at the date when the amendments are first applied. At the date of initial application, the cumulative effect of initially applying the amendments is recognised as an opening balance adjustment to retained earnings or other component of equity, as appropriate. The comparatives are not required to be restated.

Ind AS 16, Property, Plant and Equipment

Amendments to Ind AS 16 have clarified the accounting treatment for sale proceeds of items produced by PPE while preparing it for its intended use.

These amendments have clarified that excess of net sale proceeds of items produced over the cost of testing, if any, would not be recognised in the statement of profit or loss, but deducted from the directly attributable costs considered as part of cost of an item of PPE.

The amendments are effective for annual reporting periods beginning on or after 1st April, 2022.
